

Sales Executive

Are you ready to start fresh by selling with an innovative benefits company that's truly helping people get control of their healthcare - with consumerism tools that actually get used? Do you have proven success calling on and supporting brokers and/or employers in the benefits industry? But you're still willing to develop and grow your sales skills? Are you a curious, customer-loving, fast-paced, fun, self-starter?

If you said yes to those questions, you might be the perfect freshbenies Sales Executive. The focus will be recruiting and serving health insurance brokers who sell primarily to employers with 50 – 3,000 employees. You'll represent the team by achieving an aggressive goal of adding to an already-developed block of brokers and selling thousands of new members. You'll work closely with brokers and their teams to bring this to fruition – hand-in-hand with a focused and supportive freshbenies team. As a thought leader, you'll consistently write articles, teach classes and demonstrate our strategies via virtual and in-person venues.

In this position, you'll have the rare opportunity to be an active participant and work closely with the executive team to shape the future of the benefits space. The freshbenies corporate culture could be described as transparent, fun, casual and innovative. But make no mistake, we are a professional and hard-working team - the bar is set very high and the pace is fast.

freshbenies provides practical tools to control healthcare via an engagement platform – with tools such as Advocacy, Telehealth, Savings Networks & more.

If you're a self-starter who...

- is passionate about consistently calling, emailing, teaching, and pursuing the sales process
- can speak “broker” and understands the changing trends in the benefits industry
- is tech savvy and comfortable communicating mostly remotely via webinar, phone and email
- knows how to teach and sell a strategy rather than a product - a concept rather than a quote
- is up to date with the latest trends and best practices in business technology and social media
- enjoys coaching and challenging a broker to adopt a fresh idea
- thrives on remote work, and values an awesome support team who truly has your back
- would like to represent what many call *“the only good news in the open enrollment meeting”*

...then you might be the person we're looking for!
